

# IT'S TIME TO TELL THE PAC DRAYTON SOUTH NEEDS TO BE APPROVED

We now need your help to tell the Planning Assessment Commission (PAC), the decision makers, why Drayton South is so important to families, businesses and community groups across the Hunter Valley.

Drayton South will secure a strong future for the Hunter Valley and deliver benefits to local communities including:

- Continued employment for 500 local workers.
- \$140m in local wages and procurement each year.
- Support 140 local businesses that rely on the mine.
- \$30m a year in State Government royalties.
- Ongoing support to vital local charities, community groups, sporting teams and schools through contributions and sponsorships.

Take action now at:  
[www.voiceformining.com.au](http://www.voiceformining.com.au)

By addressing all of the PAC's recommendations, Drayton South will have no adverse impacts on the surrounding environment or neighbouring properties. The project will:

- Keep all mining activities behind the PAC nominated second ridgeline, reducing the mine footprint by 25%.
- Increase the buffer between the mine and the horse studs' operating areas to 2km.
- Apply world class environmental management practices around rehabilitation, noise, dust, visual amenity and equine health.
- Ensure all industries in the region can continue to coexist.
