MARCH 2015

DAWSON

Dawson is a large open cut metallurgical and export thermal mine.

LOCATION

- Southern end of the Bowen Basin in Central Queensland near the town of Moura;
- Approximately one hour drive from Biloela and two hours from Rockhampton and Gladstone.

LEASE SIZE

30,875 hectares.

HISTORY

- One of Australia's longest established coal mines;
- Coal mining commenced in the early 1960s at what was known as Moura Mine;
- First feed started to new Coal Handling Preparation Plant in July 2007.

COAL PRODUCTION AND RESOURCES

- Open cut operation, using dragline and truck and shovel;
- Producing more than 4 million tonnes per annum (Mtpa) of coking, soft coking and thermal coal;
- At December 2014, estimates for ROM reserves are approximately 121 Mt of coking and thermal coal quality with an additional 354 Mt of mineable in-situ resources outside the current mine layout.

CUSTOMERS

 Japanese steel manufacturers and power generators.

OWNERSHIP AND OPERATION

- 51% Anglo American,
 49% Mitsui Coal Holdings;
- Managed and operated by Anglo American.

SUSTAINABLE DEVELOPMENT

As part of Anglo American,
 Dawson is committed to working
 together with our stakeholders
 – our investors, our partners
 and our employees – to create
 sustainable value that makes a
 real difference, while upholding
 the highest standards of safety
 and responsibility across all our
 businesses and geographies;

 Dawson is an active contributor to the local community by supporting sustainable development initiatives within the Banana Shire.

REGIONAL PROFILE

- The majority of Dawson employees live in the Banana Shire towns of Moura, Biloela, Wowan, Banana and Theodore;
- Coal mining, beef production, power generation and cropping are the Shire's major industries.

CULTURAL HERITAGE

 Gaangalu Nation is the traditional owner of Dawson.
